### **Papers of Professor Peter Bingham Hinchliff (1929-1995)**

**20 boxes and 4 loose volumes**

**Presented by Mrs Constance Hinchliff ‘in her husband’s memory’ May 1996  
(Acc. 19/43)**

**Catalogued by Sue Sutton May-October 1996; revised and expanded by  
Philip Saunders, January-June 2024**

Peter Bingham Hinchliff (in catalogue referred to simply as PBH) was born into a clerical family, the son of Canon Samuel Hinchliff, a North Country man who had migrated to Cape Town in 1915 and left his mark in particular as rector 1928-49 of St Peter’s Hermanus in the Western Cape [HIN 6/1]. He obtained a B.A. in History and Political Philosophy from Rhodes University, Grahamstown [now Makhanda] in 1948, then went to Oxford where he gained a B.A. in theology at Trinity College in 1950 (proceeding M.A. in 1954), and a B.D. (for his work on the South African church) in 1952. He returned to South Africa, where in 1958 he was awarded a Ph.D. by Rhodes University for his work on the South African Liturgy and a D.D. in 1964. He had been ordained into the Anglican Church in South Africa in 1952, serving as assistant curate at Uitenhage (where he met his wife Constance (Bunty)) and taught at St Paul’s College, the main theological college of the dominion, becoming its sub-warden, until 1959 when he was controversially [see obituary, HIN 7/1] appointed to the newly-created chair of Ecclesiastical History at Rhodes University. He remained at Rhodes until 1969, serving also from 1964 as a member of the Faith and Order Commission of the World Council of Churches, leaving for England to become secretary to the Board for Mission and Unity in the Church of England. From 1972 he was a fellow, tutor and chaplain at Balliol College, Oxford, the post allowing him scope to develop his earlier researches that led in 1992 to his appointment as Regius Professor of Theology in the University, holding that post for barely three years before his death at the age of 66 on 17 October 1995. He was a canon of Coventry Cathedral from 1972 and gave the Hulsean Lectures at the University of Cambridge in 1975.

A lecture by Hinchliff’s friend Adrian Hastings marking the acquisition of his papers by the then Henry Martyn Mission Studies Library (now Cambridge Centre for Christianity Worldwide), ‘From Africa to Oxford and Back. A Study of the Work of Professor Peter Hinchliff’ was given at Westminster College Cambridge in 1996 and published in *Theology*, November/December 1997. A copy has been added to this collection as HIN 7/3.

## SUMMARY OF CATALOGUE SUMMARISING 2024 REVISIONS

### **HIN 1 Publications: Research collections, copies of texts, working papers, notes, drafts, correspondence, reviews etc.**

*Revision:* These were previously two sequences HIN 1/a1-16, b1-4. I have revised into a single sequence HIN 1/1-21, b1-3 being now HIN 1/17-19, b4 now united with other Jowett material as HIN 1/13/3 and adding into HIN 1/11 and HIN 1/16, both of which arose out of lecture series, the related material previously in HIN 2/a and HIN 2/j respectively. I have also added as HIN 1/20-21 material relating to publications from HIN 3/f and HIN 1/16. The arrangement is not quite chronological (but never was). Substantial quantities of research correspondence has now usually been distinguished from correspondence with publishers about printing and marketing matters.

### **HIN 2 Lectures Copies of texts, working papers, correspondence etc.**

*Revision:* Re-numbered entirely to incorporate those early lecture texts and notes previously described as 'Undergraduate notes' in HIN 5/a, but HIN 2/a and j now transferred to HIN 1 as they were the basis of publication projects.

### **HIN 3 'Articles by others'**

*Revision.* HIN 3/a-e, g-k now HIN 3/1-10 respectively. HIN 3/f (except some unrelated material now HIN 5/9) now HIN 1/20 as it is a publication in which PBH took a leading part. These are in fact mostly independent or sets of serial publications that might have been placed in the library collection. It was probably only their flimsy formats that led to placing in archives. I have added as HIN 3/12/1-3 three substantial photocopies of publications found within HIN 1/a16

### **HIN 4 Paper as representative or delegate for organisations**

*Revision:* Previously a library-style subject group entitled 'Conferences and Committees'. HIN 4/a-b (being a division by physical format only) now HIN 4/1, HIN 4/d-e now HIN 4/2-3. HIN 4/c a file containing copies of proceedings in which PBH had no part but which with other content of file to his research on South African church, now HIN 1/2/13.

### **HIN 5 Miscellaneous academic material and personalia**

*Revision:* Many of the 'undergraduate notes' originally listed within HIN 5/a were in fact texts or notes for lectures given by PBH now listed within HIN 2. The remnant has been left as HIN 5/1-2. HIN 5/b were collections for his Hulsean lectures now HIN 1/11/9. HIN 5/c-h now HIN 5/4-9, with HIN 5/10 added from HIN 3/f, HIN 5/11 found loose in HIN 1/16.

### **HIN 6 Leaflets, booklets etc.**

*Revision:* Renumbered to clarify the basis of the content and itemise, with addition of HIN 6/6 that had not been hitherto catalogued.

### **HIN 7 Papers about Professor Peter Hinchliff**

*A new class added for contextual material for the archive previously kept with it but unnumbered.*

## **HIN 1 Research Projects, mostly leading to publication**

### ***1-16 formerly 1/a1-16; 17-21 formerly 1/b1-4***

*Mainly contained in wallet folders, apparently mostly original, though often difficult to tell where self-adhesive labels with reference numbers and descriptions have been stuck over handwritten labelling. Within folders the papers were somewhat confused. In this revision I have generally separated research correspondence and collections from papers about publication and/or reprints and reviews. The arrangement is not quite chronological by order of publication (PS).*
