

INTRODUCING  
WORLD CHRISTIANITY SUMMER INSTITUTE  
Theme: *World Christianity and Global Challenges*

The CCCW is establishing an annual residential Summer Institute on 'World Christianity and Global Challenges' to take place in Cambridge every year.

It is a wonderful opportunity for Christians to gather together to learn about Christianity in other parts of the world. It is also an opportunity to build relationships as global Christians together.

Each year the Institute will deal with a challenge generally focusing on the following questions:

**Impacts:** How does the chosen challenge affect Christians locally and globally? How does it impact societies?

**Responses:** The various ways in which Christians and Christian communities respond to it; The strengths and shortcomings of the responses.

**Actions:** What insights can Christians from other contexts learn from each other? How can these shape Christian mission, ministry and education in each one's local context? In what ways can Christians as a global community, with our neighbours from other faiths and traditions, work together to create better societies?

The Summer Institute will have the participants from diverse geographical backgrounds, denominations, and age groups. It will bring together theological students, educators, researchers as well as any Christian interested in learning about Christianity in another part of the world.

There will be talks on the chosen challenge, but much of the time will be spent in conversations – both formal (in groups) and informal – and in workshops and historical tours related to World Christianity.
