INTRODUCING OUR SUMMER INSTITUTE
World Christianity and Global Challenges

CCCW runs an annual residential Summer Institute on ‘World Christianity and Global Challenges’ in Cambridge.

It is a wonderful opportunity for Christians to gather together to learn about Christianity in other parts of the world. It is also an opportunity to build relationships as global Christians.

Each year the Institute will deal with a challenge generally focusing on the following questions:

**Impacts:** How does the chosen challenge affect Christians locally and globally? How does it impact societies?

**Responses:** The various ways in which Christians and Christian communities respond to it; the strengths and shortcomings of the responses.

**Actions:** What insights can Christians from different parts of the world learn from each other? How can these shape Christian mission, ministry and education in each one’s local context? In what ways can Christians as a global community, with our neighbours from other faiths and traditions, work together to create better societies?

Our Summer Institute 2023 will explore how the Bible is read contextually throughout the world – in church, in politics, in the home, with children, in work and much more.

**We will welcome** theological students, educators, researchers and any Christian interested in learning about Christianity in other parts of the world.

**We will focus on** how the Bible is understood, engaged and lived in different parts of the world and how this helps churches and their communities to face the many ongoing challenges in the world.

**We will explore**
- the joys of Bible engagement in everyday life
- challenges whilst applying the Bible message in day-to-day contexts
- responses to different interpretations of the Bible
- reading the Bible in relation to other scriptures and literature

**We will listen attentively** to God and to each other while we consider working together to create better societies built on the biblical values of care, courage, compassion and justice.

**We will worship and eat together** daily, have opportunities to see the Centre’s renowned library and archives, and have time to discover the delights of Cambridge.
